

This Memorandum of Understanding ("MOU") is entered into and effective as of [12-10-2019] by and between:

MLR Institute of Technology, an Institute promoted by KMR Educational Society and hereinafter unless the context otherwise requires be referred to as ("**MLR Institute of Technology**")

And

ITE&C Department, Government of Telangana having its address at **Information Technology, Electronics & Communications Department, Government of Telangana**, 5th Floor, Burgula Rama Krishna Rao Bhavan, NH 44, Hill Fort, Adarsh Nagar, Hyderabad, Telangana 500063, and hereinafter unless the context otherwise requires be referred to as "**Government of Telangana**"

MLR Institute of Technology and the Government of Telangana, are individually referred to as "**Party**" and together referred to as "**Parties**"

Whereas:

The Government of Telangana and MLR Institute of Technology have entered into discussions concerning MLR Institute of Technology's provision of technology assistance to Government of Telangana.

1. Purpose: This MOU aims at stipulating the mutual cooperation between the two Parties for further development of various initiatives of the Government of Telangana and MLR Institute of Technology. ITE&C Department in alignment with its policies, is working to develop the required ecosystem for the industry and to leverage emerging technologies for improving service delivery. Both the parties felt that it would provide an opportunity for both to collaborate and work towards building a **Blockchain District** in the State of Telangana.

2. Role and scope of cooperation: The Parties agree to, in the spirit of mutual cooperation, work towards achieving the following Initiatives:

INITIATIVE	Government of Telangana	MLR Institute of Technology
Incubation, Mentorship, and Workspace	- Facilitate access to startup ecosystem - Facilitate outreach for hackathons, workshops, networking events - Facilitate access to mentors from industry and academia	- Network and server equipment - Organizing bootcamps, hackathons, workshops - IT integration resources - Transparent mechanism for onboarding startups and students to the incubation program

		- Administration, Technical Support, Maintenance and upgradation of facilities based on industrial demand - Contribute content to ITE&C Department for newsletters, web portal and other blockchain district outlets
Government Services R&D	- Facilitate access to Government expertise, areas of opportunities, subject to approval - Facilitate Access to government departments for requirements and solution development, subject to approval	- Provide access to human resource capital for development of blockchain solutions - Proper management of academic schedule in order to allow students and professors to actively participate in research. - Develop a reward system for students participating in research
Facility Accessibility	Helping in onboarding of non-MLR Institute of Technology players through TASK	Actively enable participation of non-MLR Institute of Technology students, startups and faculty

Apart from the above, any other area related to the Blockchain District that is mutually agreed upon.

3. Both Parties agree to maintain at all times, a one-point contact for undertaking and overseeing the initiatives listed out in this MOU. Any change in the contacts below will be promptly notified to the other Party.

4. This MOU references good faith efforts by both MLR Institute of Technology and Government of Telangana and is an expression of the Parties' current intent and recognizes the fact that the execution of some of the terms of the MOU would require the Parties to enter into definitive agreements. It is understood that without such definitive agreements, the terms of the MOU, except for Clauses 5 and 6, are not legally binding and will not be relied upon by any party for any purpose and no party is or will be bound by the terms of this MOU, unless and until definitive agreements are signed.

5. The existence and substance of this MOU and the mutual roles and responsibilities of the parties herein will be kept confidential by both Parties and will not be disclosed to any third party without the prior written consent of the other Party. Notwithstanding the foregoing, either Party may make such disclosure to the extent required by law, court or statutory authority, in which the disclosing Party will promptly inform the other Party to allow that Party a reasonable opportunity

to obtain a protective order. Any press release, publicity or media interaction, public relations campaign, use of MLR Institute of Technology signage pertaining to this MOU signing need to have prior written consent from MLR Institute of Technology. Any violation of this will amount to material breach and will lead to termination of this MOU.

6. This MOU supersedes all prior oral or written communication, discussions and representations communicated between the Parties hereto in respect of the subject matter of this MOU. Any modification to this MOU shall only be made by way of a written document duly executed by representatives of both Parties hereto.

7. This MOU will commence upon its execution and remain in force until the earlier of (i) Parties achieved the Initiatives or (ii) lapse of 12 (twelve) months following the conclusion of this MOU.

8. Either Party may terminate this MOU immediately without cause by giving the 30 (thirty) days prior written notice to another Party.

9. Any notice under this MOU will be in writing and delivered by hand or by registered mail, return receipt requested, to the other Party at the registered office or as may be substituted by the notice. If any notice is sent by mail, notice will be effective on the date of receipt.

IN WITNESS WHEREOF, the Parties hereto have executed this Understanding on the date, month and year, hereinabove written.
