

Master of Business Administration (MBA)

MLR Institute of Technology (MLRIT)

Department Knowledge Base Document

1. Department Overview

The Department of Business Administration at MLR Institute of Technology (MLRIT) was established in the year 2006. It offers a two-year Master of Business Administration (MBA) programme with an annual intake of 120 students. The department has 18 faculty members, including 6 professors holding Ph.D. degrees, with vast experience in both industry and academia.

In the present day scenario, technological upgradation is advancing at an exponential rate. Innovation, business, and technology are inseparable for business sustenance and long-term growth. The quality and ease of every aspect of life is directly or indirectly connected to business and markets. Business Administration is essential for producing quality products and delivering satisfied services, including education, transportation, healthcare, and communication. Since management discipline is applicable to every industry, MBA graduates have immense opportunities at all times.

The curriculum is designed to teach students how to think strategically, act effectively, and lead empathetically, while driving growth and building a solid organisational culture. Students engage with a diverse peer group of future leaders from an array of sectors and industries.

Key Department Facts

Field	Details
Year of Inception	2006

Total Faculty	18 members
Faculty with Ph.D.	6 Professors
Programme Duration	2 Years
Institution	MLR Institute of Technology (MLRIT), Dundigal, Hyderabad
Ranking	One among Top 5 B-Schools in Telangana (Business Today Survey)

2. Vision and Mission

Vision

To become a Centre of Excellence for Management Studies with special focus on innovation, research, entrepreneurial skills, team working skills for career development, and nourishing human values for the competitive global market.

Mission

- M1: Promote student-centric education that prepares students for successful careers with focus on innovation, research, and entrepreneurial skills.
- M2: Promote social impact projects that include human values, diversity, inclusion, and ethical participation in the interconnected world of business.
- M3: Create an ambience for students to strengthen their analytical and decision-making skills to be successful leaders.

3. Specialisations Offered

The MBA programme offers four specialisations:

- Financial Management
- Human Resource Management
- Marketing Management
- Entrepreneurship

4. Programme Outcomes (POs)

Upon completion of the MBA programme, graduates will be able to:

- PO1: Apply knowledge of management theories and practices to solve business problems.
- PO2: Foster analytical and critical thinking abilities for data-based decision making.
- PO3: Develop value-based leadership ability.
- PO4: Understand, analyse, and communicate global, economic, legal, and ethical aspects of business.
- PO5: Lead themselves and others in achieving organisational goals, contributing effectively to a team environment.
- PO6: Demonstrate knowledge of and need for sustainable development, and assess the impact of managerial decisions on societal, economic, and environmental aspects.
- PO7: Identify entrepreneurial opportunities and leverage managerial and leadership skills.
- PO8: Engage in independent and lifelong learning.

Programme Specific Outcomes (PSOs)

- PSO1: Integrate tools and concepts from multiple functional areas (Marketing, Finance, Human Resource Management, Entrepreneurship, etc.) to solve business problems.
- PSO2: Acquaint students with interpersonal skills as a leader who understands professional ethics and societal duties.
- PSO3: Use appropriate modern management philosophies, tools, and techniques for complex business problems.

5. Skill Development Programmes

The department offers the following skill development and certification programmes:

- Train Edge – Digital Marketing Training
- Oracle FICO – Oracle Financial Certification
- Salesforce – Business Administration Specialist Super Badge
- Salesforce – Declarative Platform App Builder and Trail Head
- Amazon ACE Challenge

6. Industrial Connections and Collaborations

The department's specialisations are based on digital technologies that rapidly transform the nature of business. Active collaborations with leading companies ensure that specialisations remain relevant and application-oriented based on real-time business practices.

Industry Partners:

- IBM
- Capital IQ
- Amazon
- WIPRO

7. Placements and Careers

Special attention is paid to providing Campus Recruitment Training (CRT) to increase the success rate of outgoing students in corporate interviews. A dedicated slot is allocated in the regular timetable from the first semester itself, making MLRIT Business Administration Department students the first choice of many corporates.

Placement Record:

- Out of 116 MBA students, 60 students were placed in top companies.
- 15 students received internships in reputed companies including Value Labs Solutions and J Marathon.

Recruiting Companies Include:

- Capital IQ, FactSet, Amazon, Wipro, TATA AIG, Tech Mahindra, HSBC, HDFC, ICICI
- VIVO, ICICI Prudential, GenPact, Smart Data, 13 Gentek (Infotek), Google

8. Student Achievements
